

# Hollie Guard

## Safety & Security

Hollie Guard transforms smartphones into personal safety devices. Hollie Guard works on all major operating systems, so no new devices are required.

### 3 Alarm Profiles

Users can pick the alarm profile appropriate for their situation: stealth, personal, and deterrent.

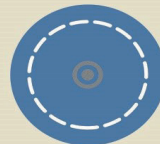

### Journey

Journey ensures safe travel by providing real-time updates as users move between two places.

### Meeting

Meetings allow users to identify when they are going to a dangerous meeting. An alert is automatically created.

### Danger Zones

Create zones to automatically warn users when they've entered a potentially dangerous area.

## About Us

Hollie Guard was developed by the Hollie Gizzard Trust to help people stay safe. The app was created in honour of Hollie. It is the definitive personal safety app fully endorsed by Gloucestershire Police and the Office of the Police and Crime Commissioner Gloucestershire.
